dāwa

The Inspiration

Rooted in Bahrain's essence and inspired by the world, dāwa celebrates the harmony between heritage and innovation.
Each mocktail is more than a recipe, it's a craft. From house-made syrups and bitters to hand-crafted garnishes, every element is created in-house to tell a story through flavour.
Drawing on Bahrain's rich palette of cardamom, lumi, and spice, blending it with global notes of thyme, yuzu and passion fruit, our mocktails bridge cultures, offering a taste that's both familiar and refreshingly new.

Sip, explore, and let each drink carry you somewhere familiar... yet beautifully new.
