

**PlanTieFEn – final project workshop on 09 March 2026, from 9 a.m. to 12 noon [online]**

Warm invitation to the final project workshop for our „PlanTieFEn“ project. The final **results and products** of the project, dealing with the transdisciplinary integration of regional and socio-cultural factors into planning of local energy transition measures, will be presented and discussed with the participants. Together with practitioners, we have identified what is needed for a successful energy transition in three regions of Germany, which aspects should be preserved – but also what needs to change in the future. Please note, that the event will take place in German. More information is available on <https://www.plantiefen.de/>.

**If you are interested in participating, please register via e-mail: [planungslabore@oeko.de](mailto:planungslabore@oeko.de).**

Thank you!
