Valuation Conditions

Ability to Valuate:

- Abaad Real Estate Valuation Company employs professional staff capable of providing valuation of this type of assets. It also has the requisite competence to assess the market value by the required date.

Subject of Valuation:

- The subject of the valuation is the assessment of the market value of Gallery Mall Property at Al-Salihiyah District, Tabuk.

Professional Standards:

- The valuation exercise was carried out in compliance with the International Valuation Standards (IVS) issued by the International Valuation Standards Council (IVSC) in **2022**, as well as the rules and regulations of the Saudi Authority for Accredited Valuers (TAQEEM), and based on recognized procedures and professional used in valuation of real estate properties, which rely on analysis, comparison, and direct inspect of each property, as well searching to the extent possible for positive and negative effects and characteristics of the subject property.

Valuation Approach:

- The approach used in valuation is the income approach.

Basis of Valuation:

- Our valuation will be submitted on the basis of the market value, which is defined in accordance with the International Valuation Standards in **2022** as follows:

- The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction, after proper marketing and where the parties have each acted knowledgeably, prudently and without compulsion.

Disclaimers

Intellectual Property and Re-Publishing

- This report is issued for personal use only, and for the professional advisors, for the specific purpose referred to therein.
- Abaad Real Estate Valuation Company may not be held liable to any third party for all or part of the contents of the report.

Confidentiality

- This report is prepared upon special request and for an advisory purpose. We therefore understand that it is of utmost importance to the originator of the request to safeguard the confidentiality of the contents and output of this report. We are committed to this and the Client's information will not be used in anything other than this report. The Client's information is considered to be proprietary to its owner and to the users specified in this report, and may not be reviewed by any third party.

Important Assumptions and Special Assumptions

- According to the definition of the International Valuation Standards "Important Assumptions and special assumptions must be reasonable and relevant having regard to the purpose for which the valuation is required, and may be accepted as fact in the context of the valuation exercises without verification or validation in a specific manner. Moreover, they are matters which are accepted when stated. Such

assumptions are necessary to understand the valuation or the consultation that is provided. Special assumptions are assumptions which differ from actual facts which exist as at the valuation date, or those which are not assumed by a usual market participant in a certain transaction on the valuation date."

- The property valuation is prepared assuming the completion of the project and infrastructure.
- Income is estimated after the end of the contract term assuming the application of Ministry of Finance resolution to reduce annual rents by 20%.

Valuation Under Uncertainty

- The effect of the spread of COVID-19, which is declared by the World Health Organization (WHO) as a "global pandemic" on 11 March 2020, on global financial markets.
- Travel restrictions were applied by many countries, and market activity was affected in many sectors.
- Effective as of the valuation date referred to in the report, we give market evidence and assumptions which were relied upon, less weight when forming our opinion of the value.
- In fact, the present response to COVID-19 means that we are facing unprecedented circumstances on which we build our judgement of the value.
- Given the unknown future effect of COVID-19, which may have impacted the real estate market, we recommend the valuation of this property on a recurring basis.

Site Location Analysis

The Property at City Level

The subject property is located in the City of Tabuk, the headquarters of the Emirate of Tabuk Province and the largest city in the northern part of the Kingdom of Saudi Arabia. The City is surrounded by some of the most important archeological sites in the Arabian Peninsula.

Tabuk Province is the northern gate of the Arabian Peninsula, and a vital road for trade and Hajj and Umrah pilgrims from outside the Arabian Peninsula. It is one of the significant agricultural areas in the Kingdom.

As per the 2017 population census, the City has a population of approximately 551,124.

Tabuk dates back to 500 B.C., as evidenced by the historical monuments found therein. It was named (Tabou) or (Tabawa). Ruins indicate that Tabuk Province was the home for many nations before Islam, such as the original Arab tribes, for example the Thamud people and the Nabataens. Historians mention that Tabuk was a home for the Jadhham Tribe.

The property is located approximately four kilometers to the north of the City Center, and approximately seven kilometers from Prince Sultan bin Abdulaziz International Airport at Al-Salihiyah District, Tabuk.

- Valuation Using the Income Method
- Summary of Value

Valuation Methods Used

- When selecting the best approach to assess the value of the subject property, we have taken into consideration the information provided by the Client, the current condition of the property and our own analysis of the local market conditions. When determining the market value of the subject property, we have used the following methods and approaches:

Income Method (Discounted Cash Flows)

- The income method provides an indicator of the value by converting the future cash flows into a single present value. According to this method, the value of the asset is determined using the value of revenues or cash flows or cost savings from the asset. The discount rate is usually reached by analyzing the suitable market and development transactions. We are also in communication with real estate agents and local investors to gauge the sensitivity of the figures.

Key Assumptions in the Discounted Cash Flow Method:

Revenues

- The annual gross income of the subject property is assessed at SAR 32,721,029, based on the market rental rates. The percentage of additional income was also assessed at 5% of the total income of the property.

Cap Rate:

- Whereas the ownership of the property is a (usufruct), we did not apply a cap rate .

Discount Rate

- Based on our understanding of similar properties in the area of the property, and taking into consideration the site features, area, uses, terrain, and supply and demand, we have applied a discount rate of 11.25%.

Inflation Rate

- In respect of the cash flow of the project, an inflation rate of 2.50% is applied.

Appendix

- General Terms Used in the Preparation of the Valuation Report

General Terms Used in the Preparation of the Valuation Report

Authority

Means the Saudi Authority for Accredited Valuers (TAQEEM), the authority concerned with developing requisite guidelines and standards for the valuation of properties, business establishments, equipment, movable property, etc. in accordance with the Accredited Valuers Regulations promulgated by Royal Decree No. (M/43) dated (9/7/1433). Its objective is to develop the valuation profession and improve the qualifications of valuers, as well as to develop and maintain the general rules for Authority membership of various levels with ongoing development of the qualifications of its members to keep abreast of the highest state of the art levels. The (Authority) is a legal entity, not for profit, with an independent budget. It operates under the supervision of the Ministry of Commerce and Investment.

Asset(s)

To facilitate reading of the standards and in order to avoid repetition, the term Asset(s) generally refers to the items which are the subject of the valuation exercise. Unless otherwise provided in the standards, these terms may be taken to mean and include each of the following words: (an asset, group of assets, obligation, group of obligations, or a group of assets and obligations).

Client

The word (Client) refers to the person(s) or entity for which the valuation is carried out, including the external clients (that is when the valuer is contracted with a third party), as well as the internal clients (that is the valuations prepared for the owner).

Legal Jurisdiction

The word (Jurisdiction) refers to the legal and regulatory environment wherein the valuation process is carried out. It includes the laws and regulations issued by

government authorities, such as the district, state and municipality, and the laws issued by certain regulatory entities commensurate with the purpose of the valuation, such as central banks and capital market authorities.

May

The word (May) describes the action which the valuer is required to take into consideration. Matters described as such require the valuer's attention and understanding. The ability to apply these matters in the valuation process depends on the valuer's judgement and professional experience under conditions which are in line with the objectives of the standards.

Shall

The word (Shall) refers to an unconditional responsibility, that is, the valuer must fulfil any responsibilities of this type in all cases and under all circumstances where the condition is applicable.

Participant

The word (Participant) refers to the participants concerned on the basis(es) of the value used in the valuation exercise (see Standard 104 – Basis of Value). The different bases of value require the valuer to take different points of view into consideration, such as the points of view of the market participants, including for example the market value, the fair value of the International Financial Reporting Standards (IFRS), a certain owner or a prospective buyer, such as the investment value.

Purpose

The word (Purpose) refers to the cause(s) of carrying out the valuation. It includes the general purposes (for example, without limitation) the purposes of the financial reports, tax reports, litigation support, transactions support and support of secured lending decisions.
