Executive Summary

Terms and Conditions

- The Subject Property has been valuated according to the International Valuation Standards (IVS) issued by the Council of International Valuation Standards (IVSC) in 2022 and the rules and regulations of the Saudi Authority for Accredited Valuers in the Kingdom of Saudi Arabia (Taqeem).
- This report was relied upon and valuated according to the specific conditions and restrictions presented in this report.
- The report was issued without any conflict of interest or personal gain.
- This valuation report was prepared based on the instructions received from “The Client” to estimate its “basis of value” for the “purpose” as requested by “The Client”.
- Abaad and Partner Co. are confident that this report meets the client's requirements and instructions, and that the information contained in this report is completely confidential and that the report is issued to the client only.
- The responsibility of the Abaad and Partner Co. is limited to the report and the information contained in the report. Otherwise, the (client) is responsible for requesting the valuation of the property and the legal consequences thereof.
- The estimated values in this report are for The Subject Property, and any distribution of (value - values) on the parts of the property applies only according to the narration of the report and for its purpose, and these values should not be used for any other purposes, as it may be incorrect if the purpose has been changed from the valuation for which the report was created.
- This report has been prepared based on the information collected or received and analyzed according to best practices to reach the value, and any material observations that may impact the value are usually noted.
- Please be aware that our inspection was carried out on a visual basis only. No part of the structure was opened up for a detailed examination or testing. We have therefore, where appropriate, made assumptions based on experience of the property type, construction and materials used. We cannot guarantee that defects do not exist in those parts of the structure, which are concealed, unexposed or not reasonably accessible.
- In the event that any information in the future that is mentioned in the report is found to be untrue and unintentional, the value in this report may change and the client will be notified in due course.
- This valuation report is valid only if approved by the company's seal, in addition to the signature of the accredited valuers.

Valuation Conditions

Ability to Valuate:

- Abaad Real Estate Valuation Company employs professional staff capable of providing valuation of this type of assets. It also has the requisite competence to assess the fair value by the required date.

Subject of Valuation:

- The subject of the valuation is the assessment of the Fair Value of Vision Colleges Training Center, Riyadh, for Financial statements Purposes.

Professional Standards:

- The valuation exercise was carried out in compliance with the International Valuation Standards (IVS) issued by the International Valuation Standards Council (IVSC) in 2022, as well as the rules and regulations of the Saudi Authority for Accredited Valuers (TAQEEM), and based on recognized procedures and professional used in valuation of real estate properties, which rely on analysis, comparison, and direct inspect of each property, as well searching to the extent possible for positive and negative effects and characteristics of the subject property.

Valuation Approach:

- The approach used in valuation is the income approach.

Basis of Valuation:

- Our valuation will be submitted on the basis of the fair value, which is defined in accordance with the International Valuation Standards in 2022 as follows:

- Our valuation will be presented on the basis of fair value, which is defined in accordance with the International Valuation Standards (IVS) in 2022 as follows:
- International Accounting Standard No. (13) defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Valuation Date

- We confirm that the valuation was carried out on 30 June 2023.

Inspection Date:

- We confirm that the inspection was carried out on 12 June 2023.

Sources of Information:

- In the preparation of the valuation report, we have relied on a set of resources, information and office and field data which we believe are commensurate with the purpose and timing of the valuation. We have also relied on the set of data provided by the Client related to the subject property, and which will clearly affect the output of this report. Therefore, any change or error in the data will render this report as incomplete, and the valuer shall be reverted to.

The Following Documents Were Reviewed:

- Title deed
- Lease agreements and details

We, therefore, assume that the information is correct and that there is nothing to contradict or conflict with them. The report is issued on this basis and we disclaim any liability for anything to the contrary.

Disclaimers

King Abdulaziz International Airport is currently undergoing expansion plans, which are divided into three phases. Phase 1 of the expansion project is currently operational, although not at its full handling capacity. Phase 1 will increase the annual capacity of passengers from 13 Million Annual Passengers (MAP) to 30 MAP.

However, due to delays in the expansion plans, the focus of the project is currently on phase 1 and uncertainty surrounds phases 2 and 3, but initially the project is expected to be completed by 2035, capturing 80 MAP.

The new Expansion of KAIA spans a total Gross Floor Area of 670,000 sqm and featuring 120 retail outlets and 120 hospitality keys.

Valuation

- Analysis of Property Risks
- Market Study-Demand and Supply
- Valuation Method
- Income Method of Valuation
- Summary of Value

Office

- In the first three months of **2023**, around **50,000** sq. m. of office gross leasable area (GLA) was delivered in Riyadh and Jeddah collectively. This brought the total existing stock to approximately **4.9** million sq. m. in the capital and **1.2** million sq. m. in Jeddah. Over the remainder of this year, an additional **61,000** sq. m. and **583,000** sq. m. of office GLA is scheduled to enter the market in Jeddah and Riyadh, respectively.
- In the capital, the supply and demand dynamics have further shifted the tide towards landlords, and they are expected to continue to remain bullish in order to capitalize on the strong demand. Additionally, corporates have been expanding towards the north, where office offerings come with better accessibility and parking. There is tight availability of good quality office space in the market. Indeed, the average market-wide vacancy in Riyadh dropped to **1%** in **Q1 2023**. As a result, average Grade A rents increased by **19%** year-on-year (Y-o-Y) to reach **SAR 1,764** per sq. m. per annum during the same period.
- In Jeddah however, the office market is exhibiting signs of softening. That said, well managed, single owned quality office spaces are highly sought after. Consequently, average Grade A rents rose by **15%** Y-o-Y to reach **SAR 1,199** per sq. m. per annum in the first quarter of **2023**. Broadly, market-wide demand is being led by local companies and family businesses relocating to newer areas towards the north and west. Accordingly, the citywide average vacancy stood at **8%** in **Q1 2023**.
- The office market in the Kingdom is expected to sustain its positive momentum. As Riyadh is being positioned as the new commercial nerve center, we expect more efforts towards substantially improving the infrastructure of the capital, to cater to its increasing popularity.

Source of Info: JLI

Residential

- Riyadh witnessed the completion of close to **7,800** residential units in **Q1 2023**, pushing up the total stock to **1.4** million residential units. Over the same period, **4,400** units were handed over in Jeddah to bring the city's residential inventory to **864,000** units. In the remaining months of this year, **45,000** units are planned to be delivered across the two cities combined.
- Several government-backed projects were launched in recent months to support the growing residential sector, such as the first phase of Al Arous in Jeddah, Al Fursan, and the second phase of Khuzum in the capital. One of the biggest announcements has been the launch of New Murabba in Riyadh, which aims to be one of the world's largest downtowns. All these announcements are reflective of strong pent-up demand and the government's continued confidence in the long-term growth of the residential sector in the Kingdom.
- The government has introduced several measures to expedite home ownership among Saudi nationals and boost the residential sector. Demand has been increasing, and I expect to continue to trend up. In a recent announcement, **100** million sq. m. of land was allocated to the residential sector in the capital and other cities to control the increase in land and residential prices. Undeniably, in the first quarter of **2023**, average sale prices and rents in Riyadh increased by **7%** and **2%**, Y-o-Y, respectively. On the same basis, in Jeddah, average sale prices increased by **11%** annually, and average rents climbed by **9%**.
- Overall, there has been a structural shift in the market, and demand for apartments has been outpacing villas, with sale prices registering an annual growth of **6%** in the capital and **17%** in Jeddah, in **Q1 2023**. Over the same period, rents for apartments grew by **4%** in Riyadh and **13%** in Jeddah.

Source of Info: JLI

Retail

- In Q1 2023, there were two retail developments completed in Riyadh, adding approximately 84,000 sq. m. of retail space and increasing the total supply to 3.4 million sq. m. Over the same period, Jeddah's retail stock increased by roughly 46,000 sq. m. to 1.8 million sq. m. In the remaining nine months of this year, 478,000 sq. m. of retail floorspace is scheduled to enter the market in Jeddah and about 105,000 sq. m. in Riyadh. With the retail market softening in Jeddah, we continue to be cautious about completing future projects on schedule.
- Overall, strip retail and smaller community centers have been performing better than larger super regional malls. The majority of the inquiries were for smaller spaces, particularly in Jeddah, where enquired spaces ranged between 8 to 120 sq. m. Additionally, tenants displayed a preference for corner locations with high visibility on the street, and outdoor seating areas have become very important for F&B (Food and Beverage) retailers due to their increasing popularity among consumers. In line with this trend, several malls have started to establish a separate F&B area located outside of the malls to attract tenants and increase footfall in their developments.
- F&B and entertainment segments have been the key footfall generators with increased focus on experiential retail. Moreover, landlords in the capital are trying to attract new market entrants who do not have a local presence in the country. In contrast, landlords in Jeddah are being more cautious and are seeking well-known brands to avoid risks associated with new market entrants.
- Looking at the rental performance, in annual terms, rents for super regional and regional malls increased by 11% and 8%, respectively, in Riyadh in the first quarter of this year. On the same basis, rents in Jeddah fell on average by 6% across super regional malls and remained stable for regional malls, signaling slowing market conditions in the city.

Source of Info: JII

Hospitality

- There were no new hotel developments completed in the capital in Q1 2023, keeping the total stock stable at 21,000 keys. During the same period, Jeddah saw the delivery of 300 keys, increasing the total existing supply to 16,000 keys. An additional 3,000 keys are scheduled to enter the market in 2023 in both cities combined. Of this, around 2,000 keys are expected to enter Riyadh, and the remaining 1,000 keys are in Jeddah.
- As part of its efforts to increase tourism in the Kingdom and reach the target of 100 million visits a year by 2030, the government recently launched a new national airline, Riyadh Air, which will have its hub at Riyadh's King Salman International Airport. Additionally, a new stop-over (transit) visa was also announced for passengers traveling using existing national airlines, Saudia and Flynas. All these initiatives are going to boost the hospitality industry and help position Saudi Arabia as a global tourism destination in the long run.
- The Saudi market is currently going through a cultural shift, where new entertainment venues are being created, and global events are being hosted to establish its presence on the global tourism map. Looking at the growth prospects of the hotel industry, the majority of the operators who already have a presence in the country are planning to aggressively expand their offerings in the Kingdom and increase the volume of rooms under their portfolios. That said, owners of hospitality developments, are seeking to attract new unique operators.
- As a result, the hospitality sector performed strongly in the first quarter of 2023. Riyadh's occupancy rate rose to 76%, and the average daily rate (ADR) increased to USD 212 for YT February 2023, compared to the same period last year. On the same basis, Jeddah's occupancy rate reached 54% and ADR was recorded at USD 147. The Saudi hospitality market is expected to sustain its positive drive and improve further.

Source of Info: JII

Valuation Methods Used

- When selecting the best approach to assess the value of the subject property, we have taken into consideration the information provided by the Client, the current condition of the property and our own analysis of the local market conditions. When determining the fair value of the subject property, we have used the following methods and approaches:

Income Approach (Discounted Cash Flows)

- The income method provides an indicator of the value by converting the future cash flows into a single present value. According to this method, the value of the asset is determined using the value of revenues or cash flows or cost savings from the asset. The discount rate is usually reached by analyzing the suitable market and development transactions. We are also in communication with real estate agents and local investors to gauge the sensitivity of the figures.

Key Assumptions in the Discounted Cash Flow Method:

Revenues

- According to the information provided by the client, the lease contract period is 25 years, starting on 6/28/2021. Income for the remaining years will be calculated based on the lease agreement, as shown in the following table

Payments Date	No. of Payments	Payment (SAR)
6/28/2021 to 12/26/2025	10 Payments	3,750,000
6/27/2026 to 12/25/2030	10 Payments	3,937,500
6/26/2031 to 12/24/2035	10 Payments	4,134,375
6/24/2036 to 12/22/2040	10 Payments	4,341,094
6/23/2041 to 12/19/2045	10 Payments	4,558,148

Cap Rate

- The applied cap rate is 7.00%.

Discount Rate

- Based on our understanding of similar properties in the area of the property, and taking into consideration the site features, area, uses, terrain and supply and demand, we have applied a discount rate of 9.50%.

Valuation

Income Approach

- As a result of the prior information, cash flows were calculated to reach the value of the subject property. The cash flow covers a period of 22.5 years based on the lease contract. The cash flow demonstrates every 6 months period.
- Discount rate: Based on our understanding of similar properties in the real estate area, and taking into account the characteristics of the location, area, use, supply and demand, we applied a discount rate of 9.5%.
- Rate of return on capital: The rate of return is calculated according to the location of the property and the type of construction, as well as the field and office research for similar rates of return to the property under valuation, and according to our understanding of the real estate market in the Kingdom, a rate of 7.00% has been reached.

Summary of Cash Flow Calculations:

Period (6 months)	1	2	3	4	5	42	43	44	45
Occupancy (%)	100%	100%	100%	100%	100%	100%	100%	100%	100%
GPI (SAR)	3,750,000	3,750,000	3,750,000	3,750,000	3,750,000	4,558,148	4,558,148	4,558,148	4,558,148
NOI (SAR)	3,750,000	3,750,000	3,750,000	3,750,000	3,750,000	4,558,148	4,558,148	4,558,148	4,558,148
TV									130,232,813
Fair Value (SAR)	92,690,000								

Valuation

Opinion of Value

Abaad is of the opinion that the Value of the Subject Property as of the date of valuation, based upon assumptions and detail within this report, may be fairly stated as follows:

The fair value of the property using the income approach as of **30 June 2023** is:

- **92,690,000 SAR** (Ninety-Two Million Six Hundred Ninety Thousand Saudi Riyal).

Appendix

- Valuation Glossary
- Subject Property Documents

General Terms Used in the Preparation of the Valuation Report

Authority

Means the Saudi Authority for Accredited Valuers (TAQEEM), the authority concerned with developing requisite guidelines and standards for the valuation of properties, business establishments, equipment, movable property, etc. in accordance with the Accredited Valuers Regulations promulgated by Royal Decree No. (M/43) dated (9/7/1433). Its objective is to develop the valuation profession and improve the qualifications of valuers, as well as to develop and maintain the general rules for Authority membership of various levels with ongoing development of the qualifications of its members to keep abreast of the highest state of the art levels. The (Authority) is a legal entity, not for profit, with an independent budget. It operates under the supervision of the Ministry of Commerce and Investment.

Asset(s)

To facilitate reading of the standards and in order to avoid repetition, the term Asset(s) generally refers to the items which are the subject of the valuation exercise. Unless otherwise provided in the standards, these terms may be taken to mean and include each of the following words: (an asset, group of assets, obligation, group of obligations, or a group of assets and obligations).

Client

The word (Client) refers to the person(s) or entity for which the valuation is carried out, including the external clients (that is when the valuer is contracted with a third party), as well as the internal clients (that is the valuations prepared for the owner).

Legal Jurisdiction

The word (Jurisdiction) refers to the legal and regulatory environment wherein the valuation process is carried out. It includes the laws and regulations issued by

government authorities, such as the district, state and municipality, and the laws issued by certain regulatory entities commensurate with the purpose of the valuation, such as central banks and capital market authorities.

May

The word (May) describes the action which the valuer is required to take into consideration. Matters described as such require the valuer's attention and understanding. The ability to apply these matters in the valuation process depends on the valuer's judgement and professional experience under conditions which are in line with the objectives of the standards.

Shall

The word (Shall) refers to an unconditional responsibility, that is, the valuer must fulfil any responsibilities of this type in all cases and under all circumstances where the condition is applicable.

Participant

The word (Participant) refers to the participants concerned on the basis(es) of the value used in the valuation exercise (see Standard 104 – Basis of Value). The different bases of value require the valuer to take different points of view into consideration, such as the points of view of the market participants, including for example the fair value, the fair value of the International Financial Reporting Standards (IFRS), a certain owner or a prospective buyer, such as the investment value.

Purpose

The word (Purpose) refers to the cause(s) of carrying out the valuation. It includes the general purposes (for example, without limitation) the purposes of the financial reports, tax reports, litigation support, transactions support and support of secured lending decisions.
