

Alkhabeer Capital Launches Brokerage Services Campaign Across Saudi and U.S. Markets

Alkhabeer Capital, a Saudi asset manager and investment firm with a diversified Shari'ah-compliant offerings across private equity, real estate, capital markets and brokerage, has launched a new brokerage services campaign to highlight the advantages available to clients trading through its platform across the Saudi and U.S. markets. The campaign focuses on client access, trading cost efficiency, and advanced platform capabilities through the Alkhabeer Tadawul Platform.

Supporting broader client access through the Alkhabeer Tadawul Platform

The Alkhabeer Tadawul Platform forms part of Alkhabeer Capital's brokerage offering and is designed to support clients seeking access to local and international markets through an advanced, next-generation brokerage platform. The campaign covers selected brokerage benefits in the Saudi market and the U.S. market, alongside access to Wamid's Co-location Hosting Service, which is offered exclusively through Alkhabeer Capital.

Saudi market brokerage benefits

For clients trading in the Saudi market, the campaign includes an 80 percent discount on trading commissions. This benefit is intended to support cost efficiency for clients using Alkhabeer Capital's brokerage services to access Saudi market trading opportunities.

U.S. market brokerage benefits

For U.S. market trading, the campaign includes a reduced commission of USD 0.007 on stocks, with no minimum trading requirement, and free daily margin financing for trading in the U.S. market. These benefits are designed to support clients seeking access to U.S. stocks and options through Alkhabeer Capital's brokerage platform.

Access to Wamid's Co-location Hosting Service

The campaign also includes access to the Co-location Hosting Service from Wamid, which allows trading systems to be hosted closer to market infrastructure, which can help reduce latency and support faster order processing. Through this service, Alkhabeer Capital aims to enhance order execution speed and trading efficiency for clients. Access to Wamid's Co-location Hosting Service is offered exclusively through Alkhabeer Capital.

Advancing client-focused brokerage solutions

The brokerage services campaign reflects Alkhabeer Capital's ongoing commitment to providing advanced trading solutions across the Saudi and U.S. markets. By combining commission-related benefits with access to advanced trading infrastructure, Alkhabeer Capital continues to strengthen its brokerage offering and support clients with greater market access, trading efficiency, and value.
