# Understanding How Blackjack Works

Blackjack isn't just about luck. A little math and a calm mind go a long way. The goal is to reach a hand value close to 21 without crossing it, while also beating the dealer.

## Key rules to remember

- Face cards count as 10
- Aces count as 1 or 11
- Keep track of your hand value
- You decide when to hit, stand, split, or double down

These basics help you make better decisions during the game.

## Tips to Play Smarter on Mahadev Betting App

- Begin with lower stakes until you get a good rhythm going. Slow and steady wins more games.
- If your hand is already strong, chasing one more card can cost you the round. Patience pays off.
- Having a budget keeps your gameplay comfortable and helps you enjoy longer sessions.
- Stick to logic instead of instincts when the pressure rises. Smart decisions beat risky guesses.

## How to Get Started

Getting into the game is simple. Install the Mahadev Betting App, register, and verify your account. Once you're in, head to the live casino section and choose a **blackjack table** that suits your style.
