## Washing machine 101564 PS23/100 - WA62101

### USP :

|                                      |                                                                                                                                                                                                                                                                                                                                                                                                       |
|--------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ECOSystem                            | The system prevents loss of detergent during water supply. This reduces the use of detergent by up to 20% and thus also reduces the impact on the environment.                                                                                                                                                                                                                                        |
| Lockable control panel               | During the wash, the door stays locked, preventing even the most inquisitive child from opening it. For added protection, the control panel can be locked by pressing a special combination of keys, making it impossible to inadvertently change the settings.                                                                                                                                       |
| Self cleaning program SterilTub      | This programme makes sure the washing machine interior stays perfectly clean and sterile, allowing a pleasant smell of the laundry. Washing with washing powder at lower temperatures may lead to ideal conditions for development of bacteria which in turn could cause a foul smell of your laundry. The SterilTub works with the drum empty and eliminates any bacteria from the machine interior. |
| Audio signal SoftSound               | In addition to exquisite design, Gorenje washing machines feature a pleasing sound. Beeps and high quality speakers make use of a washing machine even more enjoyable. Particular attention is given to programs and motion selector function buttons, detergent dispenser and the door.                                                                                                              |
| Tub material                         | Carbotech tub                                                                                                                                                                                                                                                                                                                                                                                         |
| Drum                                 | Long lasting stainless steel drum                                                                                                                                                                                                                                                                                                                                                                     |
| Motor protection against overheating | Thermal and electronic protection against overheating                                                                                                                                                                                                                                                                                                                                                 |
| Spin speed setting type              | Interval spin                                                                                                                                                                                                                                                                                                                                                                                         |
| Door lock                            | Time-attendance door lock                                                                                                                                                                                                                                                                                                                                                                             |
| Number of programmes                 | 19 programmes                                                                                                                                                                                                                                                                                                                                                                                         |
| Programmes                           | Cotton, Easy care, Wool, HandWash, Easy care                                                                                                                                                                                                                                                                                                                                                          |

| Removable top                    | No                                   |
| Cover door / Double door         | No                                   |
| Loading type                     | Front loading                        |
| Door hinge                       | Left                                 |
| Color / Material panel           | White / Plastics                     |
| Color / Material body            | White / Galvanized and painted steel |
| Connection Rating                | /                                    |
| Current                          | 10                                   |
| Voltage                          | 230                                  |
| Frequency                        | 50                                   |
| Marks of conformity              | CE,VDEGS                             |
| Length of electrical supply cord | 150 cm                               |
| Plug type                        | Euro                                 |
| Height with worktop              | 850 mm                               |
| Net weight                       | 74,5 Kg                              |
| Gross weight                     | 76,5 Kg                              |
| Door opening diameter            | 330 mm                               |
| Control mode                     | Electronic                           |
| Adjustable feet                  | Yes - all                            |
| Main colour of product           | White                                |
| Product group                    | Washing machine                      |
| Installation type                | Free-standing                        |
| Width                            | 600 mm                               |
| Height                           | 850 mm                               |
| Depth                            | 600 mm                               |
| Width of packed product          | 640 mm                               |
| Height of packed product         | 920 mm                               |
| Depth of packed product          | 685 mm                               |

## Features :

|                                      |                            |
|--------------------------------------|----------------------------|
| Spin speed options                   | Reduction                  |
| Skip spin                            | No                         |
| Foam control                         | Yes                        |
| Balance control                      | Yes                        |
| Water protection system              | Yes                        |
| Separate temperature control options | Continuous                 |
| Cold wash option                     | No                         |
| Progressindicator                    | LED indicators             |
| Digital countdown indicator          | No                         |
| Start delay options                  | No delay                   |
| Pre-wash                             | Yes                        |
| Quick wash                           | Yes                        |
| Wool program                         | Yes                        |
| Delicates / Silk                     | Yes                        |
| Water plus                           | Yes                        |
| Door opening                         | Handle                     |
| Tub material                         | Carbotech                  |
| Drum volume                          | 54 l                       |
| Drum material                        | Stainless steel            |
| Hot & cold water intake              | No                         |
| Marking on control panel             | Symbols                    |
| Automatic programs                   | No                         |
| Upgradeable software                 | No                         |
| Short description of the product     | Washing machine; ; WA62101 |
| Stop delay or a start delay option   | /                          |

## Energy label information / Performance :

|                                                |                 |
|------------------------------------------------|-----------------|
| Energy efficiency class                        | A+              |
| Spin drying performance class                  | C               |
| Maximum spin speed (rpm)                       | 1000 rpm        |
| Capacity cotton                                | 6,0 Kg          |
| Water consumption                              | 45 l            |
| Total annual water consumption                 | 9000 l          |
| Total annual energy consumption                | 204 kWh/Jahr    |
| Moisture content % on dry load after max. spin | 59 %            |
| Energy / Water consumption kWh 95C cotton      | 2,05 / 51 kWh/l |
| Energy / Water consumption kWh 40C color       | 0,66 / 45 kWh/l |
| Energy / Water consumption kWh 30C delicates   | 0,36 / 55 kWh/l |
| Energy / Water consumption kWh 30C woolens     | 0,20 / 42 kWh/l |
| Duration of test programs                      | 149 min         |
| Consumption of energy / water kWh 60C cotton   | 1,02 / 45 kWh/l |
| Maximum spin speed - NEW (2010/30/EC)          | 1000 rpm        |
| Energy consumption 40 °C partial load          | 0,62 kWh        |
| Energy consumption 60 °C full load             | 1,02 kWh        |
| Energy consumption 60 °C partial load          | 0,87 kWh        |
| Standard 40 °C programme                       | STD_40_PRG      |
| Standard 60 °C programme                       | STD_60_PRG      |

|                                                                    |                |
