

MacOS Download and Installation Instructions

Mac OS Installation Guide Steps

1. Click on the “**Download Citrix Workspace**” button as shown on the image.

The screenshot shows a web browser window displaying the FAU Office of Information Technology website. The page features a navigation bar with links for 'PEOPLE DIRECTORY', 'SITE INDEX', 'TEXT ONLY', and 'GIVE'. Below the navigation bar is a main content area with a large image of three people (two women and one man) sitting at a table, looking at a laptop. Overlaid on this image is a white text box with the heading 'VIRTUAL APPLICATIONS & SOFTWARE' and the subtext 'Use the digital workspace software platform to remotely access software anywhere, anytime.' Below this text is a prominent red button with the text 'Download Citrix Workspace' in white. Below the image, there is a section titled 'Virtual Apps: Software Anywhere Anytime' followed by two paragraphs of text explaining the service and providing instructions for installation.

VIRTUAL APPLICATIONS & SOFTWARE
Use the digital workspace software platform to remotely access software anywhere, anytime.

Download Citrix Workspace

Virtual Apps: Software Anywhere Anytime

Students, faculty, and staff can get secure instant access 24/7, on-demand, to a library of popular software from any device, including smartphones, tablets, PCs and Macs anywhere in the world with an Internet connection. Virtual Apps allows people with a FAU username/password to login to a Web-based system to access these software packages. This access gives FAU students, faculty, and staff the flexibility of using the software on campus, at home, or even while studying abroad.

Before you access this environment, you will need to install (only once) the **Citrix Workspace client** on you device. Once you install it, you can login using the **Virtual Apps Web site**. For detailed instructions, please follow the instructions below.

Mac OS Installation Guide Steps

2. Go to the Citrix Workspace Web site, and select **“Workspace app for Mac”**.

www.citrix.com/downloads/workspace-app/

Mac OS Installation Guide Steps

The screenshot shows the Citrix website's download page for the Citrix Workspace app 2002 for Mac. The page features a navigation menu with 'Products', 'Downloads', 'Support & Services', and 'Partners'. A search bar is located in the top right corner. The main content area displays the product name 'Citrix Workspace app 2002 for Mac' with a release date of 'Mar 3, 2020'. It also lists compatible Mac OS versions (10.13, 10.14, 10.15) and provides a 'Download Citrix Workspace app for Mac' button. Below the button, the file size (141.2 MB) and version (20.02.0.5) are specified. A 'Checksums' section shows the SHA256 hash: - EEF7ED9EDDDC961A9622912B2B9CAB001E72A2EA5BF0400E3AD71F4D73B86A7A. The page also includes a 'What's new, fixed or updated (Release notes)' section with a link to product documentation and a 'Citrix Workspace app for Mac overview' link.

3. Click the “**Download Citrix Workspace App for Mac**” button.

4. Double click the downloaded executable file located at the bottom-left corner of the screen.

Mac OS Installation Guide Steps
