

Dry sanding using a machine

Dry sanding using a machine

Description

Definition / objective	<p>Removing stubborn dirt, protective treatment or changes in the surface from floor coverings using the sanding equipment and the LS single-brush machine. Suitable for smooth floor coverings.</p> <p>Note: This will usually also remove any coating material.</p>	
Preparatory work	   	<p>Select suitable products to match the surface to be cleaned (type / square metres) and the type of soiling.</p> <p>Check, equip and ready the machine and all accessories in compliance with the instructions for use.</p> <p>Mount the suction unit and the suction ring on the single-brush machine.</p> <p>Put up the warning sign.</p> <p>Cover vulnerable areas (e.g. skirting boards) as needed.</p> <p>Remove any loose dirt (dust-binding mopping or dry vacuum cleaning).</p>
Main task	   	<p>Start by dry sanding along the edges.</p> <p>Attach the sanding equipment with the LS pad drive disc to the LS single-brush machine.</p> <p>Adjust the upright handle to the right length.</p> <p>Switch on the machine. The connection must audibly click into place.</p> <p>Dry sand the floor using the LS single-brush machine and the sanding equipment in slightly overlapping passes; after 2-3 passes, cross-sand the finished passes (painter method).</p> <p>Reverse or replace the sanding equipment when it gets dirty; continue with step 2 of the main task until the entire area is sanded.</p> <p>Remove any loose dirt (dust-binding mopping or dry vacuum cleaning).</p> <p>Perform a visual check.</p>
Final steps	<p>Check the fill level of the filter bag on the suction unit; change the bag if it is full.</p> <p>Check the power cable for visible damage, clean the cable and roll it up loosely towards the plug.</p> <p>Remove the covering material.</p> <p>Remove the warning sign.</p> <p>Dry vacuum the used sanding equipment or dispose of it as needed.</p> <p>Dispose of any waste.</p> <p>Clean the cleaning equipment and replace as needed</p>	
Comments	<ul style="list-style-type: none"> - Wear the personal protective equipment (PPE) required by company regulations, safety data sheets and / or instructions for use. - Always check in advance which product meets your requirements (see Wetrok Cleaning & Care Instructions). - Wetrok AG accepts no liability for damage caused by improper use or incorrect product selection.
