

# HOTEL SUSTAINABILITY INITIATIVES

## WASTE

We segregate waste on three categories, We reduce using single use of plastics, Partnership with Nespresso to collect used coffee capsule

## WATER

We are equipped with water saving devices in our taps and showers in guest rooms and water efficient as well, landscape irrigation is programmed based on requirements

## FOOD

We source locally produced ingredients, ensure meat and seafood are not from threatened species Partnership with Conserving Bounties food bank

## COMMUNITY

We support our local community through our giving for good activities ex. Beach cleaning, support charities for donation, support schools for young talents

## ENVIRONMENT

We take part in global sustainability efforts, including Earth Hour, Earth Day, and tree-planting activities

## ENERGY

The hotel is equipped with LED lighting, guest rooms feature intelligent lighting systems, and energy-efficient chillers reduce overall consumption
