Powerpacks

A powerful and robust Powerpack yet still lightweight, ideally suited to the rigours of the rental market, this is the most popular Powerpack in the JCB range.

- Unique suction circuit eliminates pulsation damage to cooler
- Lift up handle makes portability second to none
- Power-on-demand system that reduces off load engine speed to idle, giving reduced noise levels, less engine wear and lower fuel consumption
- Integral hose track prevents damage to hoses
- Swing open frame provides excellent maintenance access to engine and hydraulics
