for all 4 passengers

First European Manufacturer

DESIGN, DEVELOPMENT AND IN-HOUSE MANUFACTURING

In our quest for continuous improvement, we work every day to ensure our vehicles and after-sales services are the best.

"Terrain" stands for strength, endurance, and capability in any environment. We also offer a wide range of extras to perfectly suit your daily needs.

The Corvus Terrain EX4 Max is a 100% electric 4-seat UTV designed to move crews with no emissions or noise. The sustainable solution for municipal services, environmental management, beaches, industrial sites and construction. Power, range and comfort for long working days. And enjoyment whenever you choose.

Heavy Duty Off-Road

The CORVUS EX4 Max electric keeps the Terrain's Heavy Duty DNA: true 4x4 traction, stability and solid handling on difficult terrain.
Instant power delivery and precise control to work with people on board without giving up off-road capability.

4 Seats

The CORVUS EX4 MAX seats up to 4 people to move your crews. An advantage that expands your transport options on any terrain.
More versatility to go further.

Easy Maintenance

The electric drivetrain reduces mechanical components and simplifies maintenance.
More operational availability, less downtime and greater efficiency in daily professional use.

Comfort and safety in the cabin

The CORVUS EX4 Max electric offers a quieter, more comfortable cabin experience, ideal for long shifts or noise-sensitive environments.
Safety, stability and ergonomics designed to carry crews with confidence... and to enjoy it in your free time too.
