

BOOST 300.0

Rider scrubber for large areas, sturdy, with enlarged tanks and working autonomy beyond the standard. The technical solutions adopted for this machine make it ideal to be used even in heavy-duty conditions. Special care was taken in making it easy to service to guarantee economical operation and to avoid downtime during work. The Boost 300 is also available in different cleaning widths, both with disk and cylindrical brushes, providing the most suitable solution for any need.
